DECREES

1. modification of art. 2 subsection 2 of Rectoral Decree no. 565/2023 prot. no. 49648 of 30.03.2023 regarding issuance of a selection process for participation in the Science Slam 2023 as follows:

“Interested parties may present their application by completing the online form, by **12 maggio 2023**, published on the university website (<https://bit.ly/scienceslam2023>). They can choose which of their own research results to enter in the contest.”

2. modification of art. 3 subsection 2.1 of the aforesaid decree as follows:

“Phase of preliminary selection at each Department

a) By 26 April 2023, each Department will set up a Commission composed of three members with the task of selecting the participants and supporting them in all stages of training and preparation for the performance;

b) the Commissions will receive the applications by **15 May 2023** and evaluate them by **17 May 2023**;

c) the group of successful applicants will follow a compulsory course online and onsite, between May and September 2023. The course consists of four sessions for all applicants and a general rehearsal for the finalists;

d) the Departmental Commissions will organise by **15 July** an event to select those applicants who will take part in the final (science slammers);

e) from 1st to 21st September the Departmental Commissions will help two candidates to refine their presentations.
